PROPERTY DESCRIPTION

This "Geiger Inspired Property" called "River Oaks" sits on 126.5 pristine acres of rolling foothills of the Appalachian Mountains, offering the privacy of the natural landscape, grasslands, a small spring-fed lake, a vast forest with abundant wildlife and spectacular views. The 5BR/7BA, 8,143 square feet Custom Log Home Estate is truly one of the finest examples of quality use of materials and proportions ever built. There are two additional log cabins on the property from the 1840's – dating back to the original settlers of the area. Prepare to be "awe-struck" as you drive up the winding drive to this fabulous and massive home.

The Buyer of this extraordinary "one of a kind" Estate will enjoy an interior design statement of truly exceptional and consistent quality. Wood floors are solid white oak planks. Wall panels are made of locally found hearth pine beams and ceilings are white pine beams and panels. The kitchen cabinets are a combination of solid maple and cherry and countertops are granite. All appliances are stainless steel manufactured by Viking. There is a first class mini kitchen, wine storage and icemaker designed to serve the Patio area around the outdoor Fireplace. These are just a few of the unbelievable highlights of this truly unique and spectacular property.
